

Ms. Shravani Vikas Todankar

Front End Developer

todankarshravani@gmail.com [9324193492](tel:9324193492) [Portfolio](#) [LinkedIn](#) [GitHub](#)

306, Swarupanand Gruhnirman Society, Agar Bazar, Dadar, Mumbai, Maharashtra - 400028

Profile

Front End Developer with strong expertise in core web technologies (**HTML, CSS, JavaScript**) and **React**, along with experience in **WordPress, Shopify, Webflow**, and **Framer**. Skilled in building responsive, high-performance websites with clean UI, smooth animations, and SEO-friendly architecture, delivering scalable and user-centric digital experiences.

Professional Experience

August 2024 – present
Techinfinity, Mumbai

Jr. Executive

- **Built and optimized responsive websites** using HTML, CSS, JavaScript, and CMS platforms (WordPress, Webflow, Shopify, Framer), ensuring high performance and cross-device compatibility.
- **Designed and developed both static and dynamic websites** aligned with client requirements, focusing on usability, scalability, and modern UI standards.
- **Crafted intuitive and visually engaging user interfaces** using tools like Elementor, improving overall user experience and interaction flow.
- **Managed domain and hosting operations**, including seamless website migrations with minimal downtime and zero data loss.

May 2024 – August 2024
Techinfinity, Mumbai

Web Developer Intern

- Assisted in the development and maintenance of websites using **WordPress, Webflow**, and **Shopify** platforms.
- Gained hands-on experience in **hardcoding** by creating and implementing custom features to enhance website functionality and design.
